### ABOUT SNOHOMISH UNITED:

Snohomish United was established in 1989 as the competitive arm of the Snohomish Youth Soccer Club (SYSC). Snohomish United fielded over 35 select level teams this past season with over 500 players, competing in the highest leagues in the WSYS & the PDL.

SNOHOMISH UNITED provides supplemental programs that serve to enhance and support the soccer-athlete experience. We expect excellence in the classroom, service in the community & respect on the field.

•**SCHOLAR-ATHLETE PROGRAM** serves our HS athletes & families thru an annual series of 4 expert presentations that provide essential tools for the college selection process. We focus our energy on 2 aspects of a developing youth player....the Scholastic (professional) and the Athlete. The S-A Program also provides individual guidance (conferences) as stepping stones to college placement.

•**S.C.O.R.E.** Program focuses our club resources toward supporting under-served and at-risk youth in the community. We connect our staff & athletes with elementary & middle school students to provide tutoring and soccer activities.

(SCORE=Sportsmanship-Community-Outreach-Responsibility-Education)

•**TORCH OF EXCELLENCE:** Recognizes outstanding student-athletes for their achievement & contribution in 3 areas; academic performance, athletic excellence and community service.

**EVENTS/=EXCITEMENT-** Snohomish United plays host to two youth soccer tournaments every year. The **SNOHOMISH UNITED SHOWCASE**, which is played in July and allows college coaches to train and evaluated players. The **SNOHOMISH BIGFOOT** tournament is played in August and is world famous for its fun and soccer for all levels of play.

**STOCKER FIELDS** is a 50 - acre, grass soccer complex located just NW of downtown Snohomish. Experience and train within a real club atmosphere due to our facilities being in one central location. At this same location are our clubs offices which are professionally run with full time employees.

### Our Club:

SYSC is one of the largest clubs in the state of Washington, servicing over 2500 players through our micro, mod, recreational, Top Soccer, and select level programs. We are one of the only clubs that owns its own fields and boasts a full time professional grounds staff. Over the past seasons we have won 14 State Championships .

### 2010 COACHING STAFF

#### DIRECTOR OF COACHING – DAVE CHESLER

“Chez” is responsible for oversight of all tech programs within SYSC. He will guide & evaluate player & coaching growth & development. He will also direct the comprehensive **Scholar-Athlete Program**
